## Technical Parameters

Material	ABS, PC
Battery	Lithium Polymer Battery
Battery Capacity	5000mAh
Size	75.2x75.2x21.2mm
Input	1A-5V
Output	2A-5V
Input Interface	USB Micro-5P
Output Interface	USB Type A
Weight	128.5g
Working Temperature	0°C-45°C
Storage Temperature	-10°C-50°C
Color	White, Pink, Gold

### Accessory

- Take out products from package, and check the accessories.

1.Power Bank

2.USB Cable

3.User Manual

## FAQ:

Q1 : Why power bank can't be charged?

A : Please check the power bank port and device interface, if charging cable does not work, try another charging cable.

Q2 : Why power bank can't charge power to device?

A : Please refer to Q1, or check whether the power bank voltage is consistent with the equipment voltage.

Q3: Why my smart phone works improperly when the device is connected via Bluetooth?

A: The product is detected as keyboard at your mobile phone, and sends shutter key signal via Bluetooth. Please disconnect while camera function is not used.

Q4: Why my Xperia could not work Self-Timer?

A: Volume Keys at Xperia control focus of camera. Need to upgrade Android 4.3 or later version, and change setting of shutter control to Volume Key.
